

Kitah Digital Resources for Middle School Students (Grades 5-8)

Enrich your students' skills and knowledge in Torah, Navi, Mishnah and Gemara.

Kitah's Khan Academy-style digital courses are designed to familiarize students with texts before discussing them in class. We break up each chapter of Torah, Navi, Mishnah and Gemara into digestible chunks, using English videos that explain the Hebrew texts, online questions to evaluate comprehension, and downloadable source sheets.
